SUMMARY

Full-stack software developer with 4+ years of experience building scalable web applications using Node.js, React, and REST APIs. Proven ability to lead backend development, contribute to UI design, and deliver secure, high-performance code.

EXPERIENCE

02/2024 - 03/2025 *Full-stack Developer,* **Bobbles, Milan, Italy**
- Built and integrated RESTful APIs for internal and external use, improving data connectivity and application scalability.
- Created back-end services for data manipulation and business logic using Node.js and Express.
- Configured and managed databases (both SQL and NoSQL), optimizing data storage and retrieval processes.

11/2021 - 09/2022 *Backend Developer,* **Teeday | Teeday.app, Baku, Azerbaijan**
- Conducted code reviews to ensure adherence to best practices and maintain high code quality across the development team.
- Implemented server-side logic using Node.js and Express.js frameworks.
- Developed custom middleware for handling cross-cutting concerns such as logging, error handling, and request validation.

01/2021 - 07/2021 *Software Developer Intern,* **Azercosmos OJSC, Baku, Azerbaijan**
- Creation of Web-based GIS platform from scratch for the aerospace company of Azerbaijan.
- Developed interactive and efficient GIS mapping application and platform to load, store, fetch and visualize the provided data.
- Learned and used latest web and WebGIS technologies available to deliver the requirements of internship.
- Bundled and deployed the full-stack web application to Github Pages developed with Node.JS, OpenLayers and PostgreSQL serving as database.

12/2019 - 06/2020 *Full-stack Web Developer,* **Educational Institute of the Republic of Azerbaijan, Baku, Azerbaijan**
- The first Bug Bounty Platform of Azerbaijan was chosen as the best initiative among the other projects offered.
- Developed backend architecture using Node.js, integrating secure RESTful APIs and encryption protocols.
- Implemented user authentication and data validation, increasing application security and robustness.

- Designed a unique logo, animations, a high-level interface, and the whole web application front-end using React.

EDUCATION

Expected in 09/2025 | **Master of Science**, **Computer Science & Engineering**
Politecnico Di Milano, Milan, Italy

08/2021 | **Bachelor of Science**, **Computer Science**
Université De Strasbourg, Strasbourg, France
- Graduated with high Honors
- 3.9 GPA
- Ranked in Top 5% of class

CERTIFICATIONS

- Orient ITM Java SE Developer (09/2019)
- GRE (Graduate Record Examination) 312/340

SKILLS

Languages & Frameworks:
- JavaScript (ES6+)
- Node.js
- Express
- React
- Vue
- Next.js
- C
- C++
- Python
- Java

Databases:
- PostgreSQL
- MongoDB
- MySQL

Tools & DevOps:
- Git
- Azure
- GitHub Actions
- Docker

Other:
- REST APIs
- UI/UX
- Algorithms

AWARDS & ACCOMPLISHMENTS

- THALES Group (France) Had the opportunity to be taken into the study program held by THALES company for Computer Science students., Mastered and successfully presented 'Interlocking in Railways' topic as final presentation.

- Chosen as one of the top students for summer school in France due to the excellent academic achievements 2018-2019., Participated in the French language courses offered by the IIEF (International Institute of French Studies).
